

INVITATION

Forum on AI & BioTech for Agriculture, Food, Drug & Healthcare

2026 · SUZHOU

DATE

May 9, 2026 (Saturday)

TIME

2:00 PM — 5:00 PM

VENUE

Rongchuang College, XJTLU

Dear Distinguished Guest,

As artificial intelligence and biotechnology reshape the future of agriculture, food science, drug discovery, and healthcare, this forum brings together leading experts, scholars, and industry pioneers to explore how cross-disciplinary innovation can address humanity's most pressing challenges. We cordially invite you to join this dialogue.

KEYNOTE SPEECHES

KEYNOTE I

"Frontier Trends in the Convergence of AI and Biotechnology"

KEYNOTE II

"From Lab to Market: The Commercialization Path of Biotech Innovation"

PANEL DISCUSSIONS

01

AI in Precision Agriculture

Smart planting · Pest prediction · Resource optimization

02

Food Tech & Nutritional Health

AI-powered food safety · Personalized nutrition design

03

Drug Discovery & AI Acceleration

AI-assisted drug screening · Clinical trial optimization

04

Smart Healthcare & Health Management

Telemedicine · Early disease warning systems

ROUNDTABLE

Ethical & Regulatory Challenges of AI & BioTech

Data privacy · Algorithm transparency · Technology misuse risks

HOSTED BY

Rongchuang College, XJTLU

CO-ORGANIZED BY

Zuowang Bookhouse

Innovate · Collaborate · Transform

FORUM ON AI & BIOTECH 2026
