

INVITATION

Blue Forum

HIT Computer Science Alumni Industry Summit (Beijing)

SCHOOL OF COMPUTER SCIENCE AND TECHNOLOGY · 70TH ANNIVERSARY

*Seven Decades of Computing · Wisdom
Converges in Beijing*

Dear Distinguished Guest,

The year 2026 marks the 70th anniversary of the Computer Science program at Harbin Institute of Technology. For seven decades, generations of HIT computer scientists have pushed the frontiers of artificial intelligence, big data, and cloud computing — in academia and industry alike. We cordially invite you to join the Blue Forum, where alumni from across the globe will gather to share insights, forge connections, and shape the future of technology together.

DATE	TIME	VENUE
April 26, 2026	13:30 — 16:00	Beijing Yinbao International Conference Center

FORUM AGENDA

13:30 — 13:50	• Opening Remarks
13:50 — 14:10	• Development of the HIT Big Data Research Center Prof. Li Jianzhong · Harbin Institute of Technology
14:10 — 14:25	• DataSight: One-Stop Multi-Cloud AI-Native Data Intelligence Platform Chen Tingliang · CEO, DataSight
14:25 — 14:40	• When HIT Wisdom Meets Dual Carbon Strategy: Jintao Technology's Practice and Industry-Academia Collaboration Li Wei · General Manager, Jintao Technology
14:40 — 14:55	• High-Efficiency Direct-Drive Intelligent Technology in Industrial Applications Li Chao · General Manager, Qingdao Haikangda
14:55 — 15:10	• OrdosDB: Integrating MPP Database with AI Capabilities Zhao Kai · Partner, OrdosDB
15:10 — 15:25	• Data Applications Based on Satellite Remote Sensing and AI Technology Li Gang · Shijing (Shanghai) Satellite Application Technology
15:25 — 15:40	• Multi-Dimensional Propagation Governance of False and Harmful Information in Complex Public Opinion Environments Prof. Yang Yajun · College of AI, Tianjin University
15:40 — 15:55	• Digital Intelligence Empowering Universal Reading: Building a City of Books Together Leng Jigang · Beijing Jizhi Space Technology

SESSION CHAIR

Zhao Kai
